My Profile

I am a proficient HTML, CSS, and JavaScript developer, with a focus on backend development. Currently pursuing my studies at BZU. Passionate about creating innovative web solutions and constantly refining my coding skills. Dedicated to delivering efficient and user-friendly applications.

Education

InformationTechnology
2021 -
BZU MULTAN

Experience

- Junior Website Designer

GOAL

I am a web designer experienced in designing basic web pages. I am currently focused on mastering React to create highly interactive and dynamic web pages. My goal is to leverage React's capabilities to craft engaging user experiences and bring my web designs to the next level.

- Junior JavaScript Devolper

GOAL

"I am a junior JavaScript developer specializing in API development. My primary focus is on learning and mastering MongoDB to create web applications. I am passionate about building efficient and user-friendly web apps that leverage the power of MongoDB for data storage and retrieval."
